

NEWSLETTER

Dear colleagues,

Welcome back to school! We hope you had a relaxing holiday and maybe even found the time to uncover some CLIL secrets — we certainly did!

Why? Well, our CEBSxCLIL team has changed due to Andreas Bärnthaler's retirement, and now we have quite a bit of catching up to do — especially when it comes to CLIL history.

As any good historian knows, understanding the development of concepts and ideas can provide valuable insights.

That's why, in this newsletter, we'd like to mix some "oldies but goodies" with a bit of "new and shiny" in our tips. The ideas and concepts from CLIL's early days are extremely helpful for understanding and interpreting today's trends. Plus, those early books, YouTube videos, and podcasts are full of real gems — and we'd love to share a few of them with you in this issue.

Here is step 2

Find out what CLIL meant and still means.
